# ARCOS®

Arcos is a leading Spanish knife manufacturer and one of the oldest knife and cutlery manufacturers in the world. Possibly one of the best kept secrets in the European knife industry.

Our Arcos range of kitchen knives are designed and built for professionals, but these knives are also ideal for home chefs who crave a tough, dependable cutting tool with years of durability. Featuring an exclusive Arcos stainless steel formula called Nitrum, this blade is made from martensitic stainless steel with added molybdenum and vanadium for strengthening.

Select from a wide range of high quality professional knives including chef, paring, boning, filleting, bread and other knives such as tomato and santoku knives.

**ARCOS** COLOUR PROF KNIVES

Designed for prolonged and heavy professional use

Exclusive nitrium® stainless steel blade

**Colour Identification system:**  
Each knife can be identified for a specific use by using the indicator on the handle. This promotes better hygiene and health for the consumer

Ergonomic handle

The handle has a core of polypropylene (PP) and soft rubber coating on the outside. The special mixture of materials give greater comfort and adaptability as well as being non-hygroscopic (does not absorb liquid).
