

BAUSCHER

G E R M A N Y

The search for something new and better is the hallmark of the Bauscher brand.

Establishing their business back in 1881, brothers August and Conrad Bauscher were focusing on something absolutely unprecedented: professional tableware. They wanted the products they made to be robust, functional, durable and beautiful. It is these qualities that have made Bauscher one of the world's most popular brands for professional tableware.

The ISO 14001-certified environmental management system shows commitment to sustainability. Bauscher are also the first porcelain company in the world with an energy management system certified to ISO 50001. As a visionary in this field, Bauscher is leaving an impressive mark on the global hotel and restaurant sector, in hospitals, aged care homes, as well as the professional catering world.
